## 7 CFR Ch. II (1–1–05 Edition)

part 245; parts 15, 15a, 15b, and 3015 of Departmental regulations; and FNS instructions.

### **Subpart B—Reimbursement Process for States and School Food Authorities**

#### **§ 210.4 Cash and donated food assistance to States.**

(a) *General.* To the extent funds are available, FNS will make cash assistance available in accordance with the provisions of this section to each State agency for lunches and meal supplements served to children under the National School Lunch and Commodity School Programs. To the extent donated foods are available, FNS will provide donated food assistance to distributing agencies for each lunch served in accordance with the provisions of this part and part 250 of this chapter.

(b) *Assistance for the National School Lunch Program.* The Secretary will make cash and/or donated food assistance available to each State agency and distributing agency, as appropriate, administering the National School Lunch Program, as follows:

(1) *Cash assistance for lunches:* Cash assistance payments are composed of a *general* cash assistance payment, authorized under section 4 of the Act, and a *special* cash assistance payment, authorized under section 11 of the Act. General cash assistance is provided to each State agency for *all* lunches served to children in accordance with the provisions of the National School Lunch Program. Special cash assistance is provided to each State agency for lunches served under the National School Lunch Program to children determined eligible for free or reduced price lunches in accordance with part 245 of this chapter. The total general cash assistance paid to each State for any fiscal year shall not exceed the lesser of amounts reported to FNS as reimbursed to school food authorities in accordance with § 210.5(d)(3) or the total calculated by multiplying the number of lunches reported in accordance with § 210.5(d)(1) for each month of service during the fiscal year, by the applicable national average payment rate prescribed by FNS. The total spe-

cial assistance paid to each State for any fiscal year shall not exceed the lesser of amounts reported to FNS as reimbursed to school food authorities in accordance with § 210.5(d)(3) or the total calculated by multiplying the number of free and reduced price lunches reported in accordance with § 210.5(d)(1) for each month of service during the fiscal year by the applicable national average payment rate prescribed by FNS. In accordance with section 11 of the Act, FNS will prescribe annual adjustments to the per meal national average payment rate (general cash assistance) and the special assistance national average payment rates (special cash assistance) which are effective on July 1 of each year. These adjustments, which reflect changes in the food away from home series of the Consumer Price Index for all Urban Consumers, are annually announced by Notice in July of each year in the FEDERAL REGISTER. FNS will also establish maximum per meal rates of reimbursement within which a State may vary reimbursement rates to school food authorities. These maximum rates of reimbursement are established at the same time and announced in the same Notice as the national average payment rates.

(2) *Donated food assistance.* For each school year, FNS will provide distributing agencies with donated foods for lunches served under the National School Lunch Program as provided under part 250 of this chapter. The per lunch value of donated food assistance is adjusted by the Secretary annually to reflect changes as required under section 6 of the Act. These adjustments, which reflect changes in the Price Index for Foods Used in Schools and Institutions, are effective on July 1 of each year and are announced by Notice in the FEDERAL REGISTER in July of each year.

(3) *Cash assistance for meal supplements.* For those eligible schools (as defined in § 210.10(n)(1)) operating after-school care programs and electing to serve meal supplements to enrolled children, funds shall be made available to each State agency, each school year in an amount no less than the sum of the products obtained by multiplying:

## Food and Nutrition Service, USDA

## §210.5

(i) The number of meal supplements served in the afterschool care program within the State to children from families that do not satisfy the income standards for free and reduced price school meals by 2.75 cents;

(ii) The number of meal supplements served in the afterschool care program within the State to children from families that satisfy the income standard for free school meals by 30 cents;

(iii) The number of meal supplements served in the afterschool care program within the State to children from families that satisfy the income standard for reduced price school meals by 15 cents.

(4) The rates in paragraph (b)(3) are the base rates established in August 1981 for the CACFP. FNS shall prescribe annual adjustments to these rates in the same Notice as the National Average Payment Rates for lunches. These adjustments shall ensure that the reimbursement rates for meal supplements served under this part are the same as those implemented for meal supplements in the CACFP.

(c) *Assistance for the Commodity School Program.* FNS will make special cash assistance available to each State agency for lunches served in commodity schools in the same manner as special cash assistance is provided in the National School Lunch Program. Payment of such amounts to State agencies is subject to the reporting requirements contained in §210.5(d). FNS will provide donated food assistance in accordance with part 250 of this chapter. Of the total value of donated food assistance to which it is entitled, the school food authority may elect to receive cash payments of up to 5 cents per lunch served in its commodity school(s) for donated foods processing and handling expenses. Such expenses include any expenses incurred by or on behalf of a commodity school for processing or other aspects of the preparation, delivery, and storage of donated foods. The school food authority may have all or part of these cash payments retained by the State agency for use on its behalf for processing and handling expenses by the State agency or it may authorize the State agency to transfer to the distributing agency all or any

part of these payments for use on its behalf for these expenses. Payment of such amounts to State agencies is subject to the reporting requirements contained in §210.5(d). The total value of donated food assistance is calculated on a school year basis by adding:

(1) The applicable national average payment rate (general cash assistance) prescribed by the Secretary for the period of July 1 through June 30 multiplied by the total number of lunches served during the school year under the Commodity School Program; and

(2) The national per lunch average value of donated foods prescribed by the Secretary for the period of July 1 through June 30 multiplied by the total number of lunches served during the school year under the Commodity School Program.

### §210.5 Payment process to States.

(a) *Grant award.* FNS will specify the terms and conditions of the State agency's grant in a grant award document and will generally make payments available by means of a Letter of Credit issued in favor of the State agency. The State agency shall obtain funds for reimbursement to participating school food authorities through procedures established by FNS in accordance with 7 CFR part 3015. State agencies shall limit requests for funds to such times and amounts as will permit prompt payment of claims or authorized advances. The State agency shall disburse funds received from such requests without delay for the purpose for which drawn. FNS may, at its option, reimburse a State agency by Treasury Check. FNS will pay by Treasury Check with funds available in settlement of a valid claim if payment for that claim cannot be made within the grant closeout period specified in paragraph (d) of this section.

(b) *Cash-in-lieu of donated foods.* All Federal funds to be paid to any State in place of donated foods will be made available as provided in part 240 of this chapter.

(c) *Recovery of funds.* FNS will recover any Federal funds made available to the State agency under this part

## §210.6

## 7 CFR Ch. II (1–1–05 Edition)

which are in excess of obligations reported at the end of each fiscal year in accordance with the reconciliation procedures specified in paragraph (d) of this section. Such recoveries shall be reflected by a related adjustment in the State agency's Letter of Credit.

(d) *Substantiation and reconciliation process.* Each State agency shall maintain Program records as necessary to support the reimbursement payments made to school food authorities under §210.7 and §210.8 and the reports submitted to FNS under this paragraph. The State agency shall ensure such records are retained for a period of 3 years or as otherwise specified in §210.23(c).

(1) *Monthly report.* Each State agency shall submit a final Report of School Program Operations (FNS-10) to FNS for each month. The final reports shall be limited to claims submitted in accordance with §210.8 of this part. For the month of October, the final report shall include the total number of children approved for free lunches, the total number of children approved for reduced price lunches, and the total number of children enrolled in participating public schools, private schools, and residential child care institutions, respectively, as of the last day of operation in October. The final reports shall be postmarked and/or submitted no later than 90 days following the last day of the month covered by the report. States shall not receive Program funds for any month for which the final report is not submitted within this time limit unless FNS grants an exception. Upward adjustments to a State's report shall not be made after 90 days from the month covered by the report unless authorized by FNS. Downward adjustments to a State's report shall always be made regardless of when it is determined that such adjustments are necessary. FNS authorization is not required for downward adjustments. Any adjustments to a State's report shall be reported to FNS in accordance with procedures established by FNS.

(2) *Quarterly report.* Each State agency shall also submit to FNS a quarterly Financial Status Report (SF-269) on the use of Program funds. Such reports shall be postmarked and/or sub-

mitted no later than 30 days after the end of each fiscal year quarter.

(3) *End of year report.* Each State agency shall submit a final Financial Status Report (SF-269) for each fiscal year. This final fiscal year grant close-out report shall be postmarked and/or submitted to FNS within 120 days after the end of each fiscal year or part thereof that the State agency administered the Program. Obligations shall be reported only for the fiscal year in which they occur. FNS will not be responsible for reimbursing Program obligations reported later than 120 days after the close of the fiscal year in which they were incurred. Grant close-out procedures are to be carried out in accordance with 7 CFR part 3015.

### §210.6 Use of Federal funds.

*General.* State agencies shall use Federal funds made available under the Program to reimburse or make advance payments to school food authorities in connection with lunches and meal supplements served in accordance with the provisions of this part; *except that*, with the approval of FNS, any State agency may reserve an amount up to one percent of the funds earned in any fiscal year under this part for use in carrying out special developmental projects. Advance payments to school food authorities may be made at such times and in such amounts as are necessary to meet the current fiscal obligations. All Federal funds paid to any State in place of donated foods shall be used as provided in part 240 of this chapter.

### §210.7 Reimbursement for school food authorities.

(a) *General.* Reimbursement payments to finance nonprofit school food service operations shall be made only to school food authorities operating under a written agreement with the State agency. Subject to the provisions of §210.8(c), such payments may be made for lunches and meal supplements served in accordance with provisions of this part and part 245 in the calendar month preceding the calendar

## §210.7

month in which the agreement is executed. These reimbursement payments include general cash assistance for all lunches served to children under the National School Lunch Program and special cash assistance payments for free or reduced price lunches served to children determined eligible for such benefits under the National School Lunch and Commodity School Programs. Reimbursement payments shall also be made for meal supplements served to eligible children in after-school care programs in accordance with the rates established in §210.4(b)(3). Approval shall be in accordance with part 245 of this chapter.

(b) *Assignment of rates.* At the beginning of each school year, State agencies shall establish the per meal rates of reimbursement for school food authorities participating in the Program. These rates of reimbursement may be assigned at levels based on financial need; *except that*, the rates are not to exceed the maximum rates of reimbursement established by the Secretary under §210.4(b) and are to permit reimbursement for the total number of lunches in the State from funds available under §210.4. Within each school food authority, the State agency shall assign the same rate of reimbursement from general cash assistance funds for all lunches served to children under the Program. Assigned rates of reimbursement may be changed at any time by the State agency, *provided that* notice of any change is given to the school food authority. The total general and special cash assistance reimbursement paid to any school food authority for lunches served to children during the school year are not to exceed the sum of the products obtained by multiplying the total reported number of lunches, by type, served to eligible children during the school year by the applicable maximum per lunch reimbursements prescribed for the school year for each type of lunch.

(c) *Reimbursement limitations.* To be entitled to reimbursement under this part, each school food authority shall ensure that Claims for Reimbursement are limited to the number of free, reduced price and paid lunches and meal supplements that are served to children eligible for free, reduced price and

paid lunches and meal supplements, respectively, for each day of operation.

(1) *Lunch count system.* To ensure that the Claim for Reimbursement accurately reflects the number of lunches and meal supplements served to eligible children, the school food authority shall, at a minimum:

(i) Correctly approve each child's eligibility for free and reduced price lunches and meal supplements based on the requirements prescribed under 7 CFR part 245;

(ii) Maintain a system to issue benefits and to update the eligibility of children approved for free or reduced price lunches and meal supplements. The system shall:

(A) Accurately reflect eligibility status as well as changes in eligibility made after the initial approval process due to verification findings, transfers, reported changes in income or household size, etc.; and

(B) Make the appropriate changes in eligibility after the initial approval process on a timely basis so that the mechanism the school food authority uses to identify currently eligible children provides a current and accurate representation of eligible children. Changes in eligibility which result in increased benefit levels shall be made as soon as possible but no later than 3 operating days of the date the school food authority makes the final decision on a child's eligibility status. Changes in eligibility which result in decreased benefit levels shall be made as soon as possible but no later than 10 operating days of the date the school food authority makes the final decision on the child's eligibility status.

(iii) Base Claims for Reimbursement on lunch counts, taken daily at the point of service, which correctly identify the number of free, reduced price and paid lunches served to eligible children;

(iv) Correctly record, consolidate and report those lunch and supplement counts on the Claim for Reimbursement; and

(v) Ensure that Claims for Reimbursement do not request payment for any excess lunches produced, as prohibited in §210.10(a)(2), or non-Program lunches (i.e., a la carte or adult

## §210.8

lunches) or for more than one meal supplement per child per day.

### (2) *Point of service alternatives.*

(i) State agencies may authorize alternatives to the point of service lunch counts provided that such alternatives result in accurate, reliable counts of the number of free, reduced price and paid lunches served, respectively, for each serving day. State agencies are encouraged to issue guidance which clearly identifies acceptable point of service alternatives and instructions for proper implementation. School food authorities may select one of the State agency approved alternatives without prior approval.

(ii) In addition, on a case-by-case basis, State agencies may authorize school food authorities to use other alternatives to the point of service lunch count; provided that such alternatives result in an accurate and reliable lunch count system. Any request to use an alternative lunch counting method which has not been previously authorized under paragraph (2)(i) is to be submitted in writing to the State agency for approval. Such request shall provide detail sufficient for the State agency to assess whether the proposed alternative would provide an accurate and reliable count of the number of lunches, by type, served each day to eligible children. The details of each approved alternative shall be maintained on file at the State agency for review by FNS.

(d) The State agency shall reimburse the school food authority for meal supplements served in eligible schools (as defined in §210.10(n)(1)) operating after-school care programs under the NSLP in accordance with the rates established in §210.4(b).

[53 FR 29147, Aug. 2, 1988, as amended at 54 FR 12581, Mar. 28, 1989; 56 FR 32939, July 17, 1991; 58 FR 42487, Aug. 10, 1993; 60 FR 31207, June 13, 1995; 65 FR 26912, May 9, 2000]

### §210.8 Claims for reimbursement.

(a) *Internal controls.* The school food authority shall establish internal controls which ensure the accuracy of lunch counts prior to the submission of the monthly Claim for Reimbursement. At a minimum, these internal controls shall include: an on-site review of the lunch counting and claiming system

employed by each school within the jurisdiction of the school food authority; comparisons of daily free, reduced price and paid lunch counts against data which will assist in the identification of lunch counts in excess of the number of free, reduced price and paid lunches served each day to children eligible for such lunches; and a system for following up on those lunch counts which suggest the likelihood of lunch counting problems.

(1) *On-site reviews.* Every school year, each school food authority with more than one school shall perform no less than one on-site review of the lunch counting and claiming system employed by each school under its jurisdiction. The on-site review shall take place prior to February 1 of each school year. Further, if the review discloses problems with a school's meal counting or claiming procedures, the school food authority shall: ensure that the school implements corrective action; and, within 45 days of the review, conducts a follow-up on-site review to determine that the corrective action resolved the problems. Each on-site review shall ensure that the school's claim is based on the counting system authorized by the State agency under §210.7(c) of this part and that the counting system, as implemented, yields the actual number of reimbursable free, reduced price and paid lunches, respectively, served for each day of operation.

(2) *School food authority claims review process.* Prior to the submission of a monthly Claim for Reimbursement, each school food authority shall review the lunch count data for each school under its jurisdiction to ensure the accuracy of the monthly Claim for Reimbursement. The objective of this review is to ensure that monthly claims include only the number of free, reduced price and paid lunches served on any day of operation to children currently eligible for such lunches.

(i) Any school food authority that was found by its most recent administrative review conducted in accordance with §210.18, to have no meal counting and claiming violations may:

(A) Develop internal control procedures that ensure accurate meal counts. The school food authority shall submit any internal controls developed

## Food and Nutrition Service, USDA

## §210.8

in accordance with this paragraph to the State agency for approval and, in the absence of specific disapproval from the State agency, shall implement such internal controls. The State agency shall establish procedures to promptly notify school food authorities of any modifications needed to their proposed internal controls or of denial of unacceptable submissions. If the State agency disapproves the proposed internal controls of any school food authority, it reserves the right to require the school food authority to comply with the provisions of paragraph (a)(3) of this section; or

(B) Comply with the requirements of paragraph (a)(3) of this section.

(ii) Any school food authority that was identified in the most recent administrative review conducted in accordance with §210.18, or in any other oversight activity, as having meal counting and claiming violations shall comply with the requirements in paragraph (a)(3) of this section.

(3) *Edit checks.* (i) The following procedure shall be followed for school food authorities identified in paragraph (a)(2)(ii) of this section, by other school food authorities at State agency option, or, at their own option, by school food authorities identified in paragraph (a)(2)(i) of this section: the school food authority shall compare each school's daily counts of free, reduced price and paid lunches against the product of the number of children in that school currently eligible for free, reduced price and paid lunches, respectively, times an attendance factor.

(ii) School food authorities that are identified in subsequent administrative reviews conducted in accordance with §210.18 as not having meal counting and claiming violations and that are correctly complying with the procedures in paragraph (a)(3)(i) of this section have the option of developing internal controls in accordance with paragraph (a)(2)(i) of this section.

(4) *Follow-up activity.* The school food authority shall promptly follow-up through phone contact, on-site visits or other means when the internal controls used by schools in accordance with paragraph (a)(2)(i) of this section or the claims review process used by schools in accordance with paragraphs

(a)(2)(ii) and (a)(3) of this section suggest the likelihood of lunch count problems. When problems or errors are identified, the lunch counts shall be corrected prior to submission of the monthly Claim for Reimbursement. Improvements to the lunch count system shall also be made to ensure that the lunch counting system consistently results in lunch counts of the actual number of reimbursable free, reduced price and paid lunches served for each day of operation.

(5) *Recordkeeping.* School food authorities shall maintain on file, each month's Claim for Reimbursement and all data used in the claims review process, by school. Records shall be retained as specified in §210.23(c) of this part. School food authorities shall make this information available to the Department and the State agency upon request.

(b) *Monthly claims.* To be entitled to reimbursement under this part, each school food authority shall submit to the State agency, a monthly Claim for Reimbursement, as described in paragraph (c) of this section.

(1) *Submission timeframes.* A final Claim for Reimbursement shall be postmarked or submitted to the State agency not later than 60 days following the last day of the full month covered by the claim. State agencies may establish shorter deadlines at their discretion. Claims not postmarked and/or submitted within 60 days shall not be paid with Program funds unless otherwise authorized by FNS.

(2) *State agency claims review process.* The State agency shall review each school food authority's Claim for Reimbursement, on a monthly basis, in an effort to ensure that monthly claims are limited to the number of free and reduced price lunches served, by type, to eligible children.

(i) The State agency shall, at a minimum, compare the number of free and reduced price lunches claimed to the number of children approved for free and reduced price lunches enrolled in the school food authority for the month of October times the days of operation times the attendance factor employed by the school food authority in accordance with paragraph (a)(3) of this section or the internal controls

used by schools in accordance with paragraph (a)(2)(i) of this section. At its discretion, the State agency may conduct this comparison against data which reflects the number of children approved for free and reduced price lunches for a more current month(s) as collected pursuant to paragraph (c)(2) of this section.

(ii) In lieu of conducting the claims review specified in paragraph (b)(2)(i) of this section, the State agency may conduct alternative analyses for those Claims for Reimbursement submitted by residential child care institutions. Such alternative analyses shall meet the objective of ensuring that the monthly Claims for Reimbursement are limited to the numbers of free and reduced price lunches served, by type, to eligible children.

(3) *Follow-up activity.* The State agency shall promptly follow-up through phone contact, on-site visits, or other means when the claims review process suggests the likelihood of lunch count problems.

(4) *Corrective action.* The State agency shall promptly take corrective action with respect to any Claim for Reimbursement which includes more than the number of lunches served, by type, to eligible children. In taking corrective action, State agencies may make adjustments on claims filed within the 60-day deadline if such adjustments are completed within 90 days of the last day of the claim month and are reflected in the final Report of School Program Operations (FNS-10) for the claim month required under §210.5(d) of this part. Upward adjustments in Program funds claimed which are not reflected in the final FNS-10 for the claim month shall not be made unless authorized by FNS. Except that, upward adjustments for the current and prior fiscal years resulting from any review or audit may be made, at the discretion of the State agency. Downward adjustments in amounts claimed shall always be made, without FNS authorization, regardless of when it is determined that such adjustments are necessary.

(c) *Content of claim.* The Claim for Reimbursement shall include data in sufficient detail to justify the reimbursement claimed and to enable the State

agency to provide the Report of School Program Operations required under §210.5(d) of this part. Such data shall include, at a minimum, the number of free, reduced price and paid lunches and meal supplements served to eligible children. The claim shall be signed by a school food authority official.

(1) *Consolidated claim.* The State agency may authorize a school food authority to submit a consolidated Claim for Reimbursement for all schools under its jurisdiction, *provided that*, the data on each school's operations required in this section are maintained on file at the local office of the school food authority and the claim separates consolidated data for commodity schools from data for other schools. Unless otherwise approved by FNS, the Claim for Reimbursement for any month shall include only lunches and meal supplements served in that month except if the first or last month of Program operations for any school year contains 10 operating days or less, such month may be combined with the Claim for Reimbursement for the appropriate adjacent month. However, Claims for Reimbursement may not combine operations occurring in two fiscal years. If a single State agency administers any combination of the Child Nutrition Programs, a school food authority shall be able to use a common claim form with respect to claims for reimbursement for meals served under those programs.

(2) *October data.* For the month of October, the State agency shall also obtain, either through the Claim for Reimbursement or other means, the total number of children approved for free lunches and meal supplements, the total number of children approved for reduced price lunches and meal supplements, and the total number of children enrolled in the school food authority as of the last day of operation in October. The school food authority shall submit this data to the State agency no later than December 31 of each year. State agencies may establish shorter deadlines at their discretion. In addition, the State agency may require school food authorities to provide this data for a more current month if for use in the State agency

claims review process under paragraph (c)(2) of this section.

(d) *Advance funds.* The State agency may advance funds available for the Program to a school food authority in an amount equal to the amount of reimbursement estimated to be needed for one month's operation. Following the receipt of claims, the State agency shall make adjustments, as necessary, to ensure that the total amount of payments received by the school food authority for the fiscal year does not exceed an amount equal to the number of lunches and meal supplements by reimbursement type served to children times the respective payment rates assigned by the State in accordance with §210.7(b). The State agency shall recover advances of funds to any school food authority failing to comply with the 60-day claim submission requirements in paragraph (b) of this section.

### Subpart C—Requirements for School Food Authority Participation

#### §210.9 Agreement with State agency.

(a) *Application.* An official of a school food authority shall make written application to the State agency for any school in which it desires to operate the Program. Applications shall provide the State agency with sufficient information to determine eligibility. The school food authority shall also submit for approval a Free and Reduced Price Policy Statement in accordance with part 245 of this chapter.

(b) *Agreement.* Each school food authority approved to participate in the program shall enter into a written agreement with the State agency that may be amended as necessary. Nothing in the preceding sentence shall be construed to limit the ability of the State agency to suspend or terminate the agreement in accordance with §210.25. If a single State agency administers any combination of the Child Nutrition Programs, that State agency shall provide each school food authority with a single agreement with respect to the operation of those programs. The

agreement shall contain a statement to the effect that the "School Food Authority and participating schools under its jurisdiction, shall comply with all provisions of 7 CFR parts 210 and 245." This agreement shall provide that each school food authority shall, with respect to participating schools under its jurisdiction:

(1) Maintain a nonprofit school food service and observe the limitations on the use of nonprofit school food service revenues set forth in §210.14(a) and the limitations on any competitive school food service as set forth in §210.11(b);

(2) Limit its net cash resources to an amount that does not exceed 3 months average expenditures for its nonprofit school food service or such other amount as may be approved in accordance with §210.19(a);

(3) Maintain a financial management system as prescribed under §210.14(c);

(4) Comply with the requirements of the Department's regulations regarding financial management (7 CFR part 3015);

(5) Serve lunches, during the lunch period, which meet the minimum requirements prescribed in §210.10;

(6) Price the lunch as a unit;

(7) Serve lunches free or at a reduced price to all children who are determined by the school food authority to be eligible for such meals under 7 CFR part 245;

(8) Claim reimbursement at the assigned rates only for reimbursable free, reduced price and paid lunches served to eligible children in accordance with 7 CFR part 210. Agree that the school food authority official signing the claim shall be responsible for reviewing and analyzing meal counts to ensure accuracy as specified in §210.8 governing claims for reimbursement. Acknowledge that failure to submit accurate claims will result in the recovery of an overclaim and may result in the withholding of payments, suspension or termination of the program as specified in §210.25. Acknowledge that if failure to submit accurate claims reflects embezzlement, willful misapplication of funds, theft, or fraudulent activity, the penalties specified in §210.26 shall apply;

(9) Count the number of free, reduced price and paid reimbursable meals
